

## FHA Regarded as Flop, Spends Over 5 Per Cent Of Loans For Publicity

WASHINGTON—The moribund Federal Housing Administration is weighing heavily on the minds of inner White House advisers.

The FHA has been a signal flop. Its last published report, as of December 10, revealed that it has completed only \$23,350,000 of renovizing loans. It has yet to record any financing of building construction.

As against this paucity of results Jimmy Moffett, socialite director of the agency, has expended \$1,300,000—more than 5 per cent of its loans—for "publicity and propaganda."

How best quietly to unload Jimmy and the FHA is one of the big inner Administration problems.

Some members of the National Emergency Council have suggested to the President that the agency be "coordinated" with the Home Owners Loan Corporation by making it a division of that organization.

Such a plan, it is held, would have the advantage of suppressing the FHA while soft-pedaling the fact that it has proved a dud.

That would still leave the question, however, of what to do about Jimmy.

Finding a showy berth for him is not easy.

He would be a perfect fit for the niche of Assistant Secretary of the Navy, but there is no opening there—as yet.

## Forgotten Past

What's in a past? Nothing at all, says the Democratic leadership of the House of Representatives. In choosing chairmen for committees during the present session, for example, they selected:

A former bar-tender, Vincent L. Palmisano of Maryland, to be Chairman of the Committee on Education, and—

A Milwaukee lawyer, Raymond J. Cannon, suspended from legal practice in his home state—though later reinstated by special act of the Wisconsin legislature—as Chairman of the Committee on Revision of Laws. Incidentally, he has been legal adviser to Jack Dempsey. He also represented Joe Jackson, discharged by the Chicago White Sox after the bribe scandal, and obtained for him \$19,000 for breach of contract.

## World Court

Senate history will repeat itself on the World Court.

In 1926, after weeks of oratory—to empty seats—the Senate voted adherence to the international tribunal, but only on the basis of five reservations.

Only one of these, the fifth, was of consequence.

It provided that the United States agreed to accept decisions only in such cases which it was willing the court should adjudicate.

In other words the court could not take jurisdiction over a controversy in which the United States was interested without first obtaining this Government's approval.

The other signatories to the court rejected this reservation.

The issue seemed dead until League of Nations supporters sent the aged Elihu Root abroad for purpose of formulating a reservation that would meet the objections of the foreign adherents of the Court and satisfy Senate demands.

Out of these pourparlers was evolved what is known as the Root-Hoover reservation.

Court advocates claim that while worked differently, it has the same effect as the original limitation. Court opponents deny this, claiming that it does not set up the same safeguards.

This difference of opinion is the crux of the present Senate fight. In 1926 there was much public interest in the Court issue and the opponents were able to muster a real vote. But now, with the domestic economic situation overshadowing everything else, the op-

## JURY TO HEAR HAUPTMANN'S OWN ACCOUNT

Bruno To Tell His Story  
Sometime This Week;  
Wife to Talk, Too

## STATE NEARS END

Raking Cross Questioning  
Looms For Bruno

BY JAMES L. KILGALLAN.  
FLEMINGTON, N. J., Jan. 21.—Bruno Richard Hauptmann and his wife, Anna, will both be subjected to a raking cross-examination when they are on the stand this week as first witnesses for the defense.

The state is expected to rest its case late Tuesday or Wednesday. After this is done Attorney Lloyd Fisher will make the opening statement of the defense to the jury. Then Hauptmann will be called to the stand.

Hauptmann will go on first thing in the morning, either Wednesday or Thursday, according to present indications. Chief Defense Counsel Edward J. Reilly wants the defendant to be fresh and rested when he starts the ordeal of telling his own story from the stand—a story the world is waiting with interest to hear.

## TO TELL OWN STORY

Reilly plans to have Hauptmann tell his story in his own words and then the lawyer will question him concerning any details he may omit. His direct testimony is likely to occupy an entire day.

The prosecution is preparing to go after Hauptmann hammer and tongs. They are certain they can tear down any story he may tell. They say Hauptmann has made 76 specific contradictions in statements he made to the police.

Hauptmann's alibi that he was home on the night of the kidnaping will be attacked during the cross-examination. He will be forced to explain in detail why \$15,000 of the Lindbergh ransom was found in his possession. The prosecution will ask him all about his criminal record in Germany, a subject concerning which the defendant is touchy. There will be no sparing of his feelings.

Mrs. Hauptmann will also face a verbal fire from the prosecution. They plan to force her to give the details of the trip she is alleged to have made with her husband shortly before the kidnaping. Her former neighbor, Mrs. Ella Ashenbach, testified last week that about March 2, 1932, the day after the kidnaping, Mrs. Hauptmann told her of a trip she and her husband had made. The woman witness said that when Hauptmann returned from this trip he was walking with a limp.

The testimony of Mrs. Ashenbach angered Mrs. Hauptmann. It was while Mrs. Ashenbach was testifying that Mrs. Hauptmann cried out, "You are lying, you are lying."

## TO SHOW ACCOUNTS

Today the state entered the final phases of its case and it will not take more than two or three days to wind it up, in the opinion of

## FIRE ON ATLANTIC SHIP CONTROLLED

LONDON, Jan. 21.—Fire aboard the oil tanker Valverde in mid-ocean which sent half a dozen vessels rushing to her aid was brought under control today, according to a wireless received by her owners here.

## Claims Turned Over To Safety Director

In an editorial headed "The Hospital Controversy," published in Saturday's issue of The Herald, it was stated that "some of the claims had been given the company (the collection agency) by the hospital superintendent."

In an interview with The Herald, Miss Ethel Kirchofer, superintendent of the hospital, stated Monday that she did not turn over the accounts to a collection agency. The itemized list of all accounts due the hospital was made out at the suggestion of Safety Director L. T. Shaner and turned over to him.

## FINED \$5, JAILED

## Cow Works Overtime

HOPKINTON, Mass., Jan. 21.—"Cramond Actress," a thoroughbred Guernsey cow in the herd of George V. Brown, broke a world's record for production in 365 days, it was announced today.

This cow, in addition to producing over 14,000 pounds of milk and 750 pounds of butterfat in a year, established a record in the production of progeny. She produced three heifer calves within the year, two being beifer twins.

## BARRETT HITS TWO UTILITIES WITH HIS VETO

Chillicothe Mayor Refuses To  
Approve Appropriations  
Totalling \$45,286.

CHILLICOTHE, Jan. 21.—This city is having its difficulties thick and fast.

Mayor Walter S. Barrett, who has announced he will run for a second term on a platform of municipal ownership of electric light and water plants, has vetoed all appropriations in the 1935 budget for electricity and water totalling \$45,286.

Other appropriations which have felt the veto power of the mayor include legal advertising, \$700; auditor's clerk hire, \$900; auditor's incidentals, \$50; treasurer's incidentals, \$50.

He has approved, however, all safety department appropriations.

While Mayor Barrett was affixing his veto to the numerous items, city firemen were circulating petitions Saturday among citizens to present to council at its next session opposing a reduction in personnel and objecting to reductions in salary as specified in the new appropriations ordinance.

Firemen have agreed with Chief William Collins that if no more money can be obtained they will accept reductions in order to prevent any one being cut entirely off the payroll.

## 512 OBTAIN TAX PERMITS

Stamps To Go On Sale Thurs-  
day; Still About 100 To  
Purchase Licenses.

The auditor's office to date has issued 512 vendor's licenses to retailers of Circleville and Pickaway-co. There are still about 100 to issue, according to more or less indefinite figures available.

Merchants have been visiting the auditor's office in a steady stream. It will be necessary to present receipts for licenses at the office of Treasurer Earl Hoffman in seeking to buy sales tax stamps which go on sale Thursday.

Collection of the tax will actually begin one minute after midnight Saturday. Any merchant who does not have a retailer's license will face drastic action to be taken by the state.

COLUMBUS, Jan. 21.—Ohio bankers today were warned to "stock up" with pennies this week in preparation for the collection of Ohio's new three per cent sales tax.

Anticipating a heavy demand for one cent pieces when the sales tax collections start, David M. Auch, secretary of the Ohio Bankers Association, said that steps have been taken to provide large supplies of pennies to banks throughout the state.

Auch said a sufficient supply would be available so that merchants need not be "caught short." The supply of pennies will be made available, Auch said, through the federal reserve banks.

## BRUNO MAY TESTIFY IN NATIVE TONGUE

NEW YORK, Jan. 21.—When Bruno Richard Hauptmann takes the witness stand in his own defense some time this week he may testify in German, it was reported here today.

Edward J. Reilly, chief defense counsel, said before leaving New York for Flemington for the resumption of the trial today that it was entirely possible the Bronx carpenter would tell his story through an interpreter, if the court permits.

"If he testifies in German he will be able to understand questions more readily and will be able to give more intelligent answers," Reilly said.

## COUNTY SUED FOR SALARY

Morris Boggs Claims \$880 Due  
Him For 10 Months' Work  
As Deputy Sheriff.

Morris I. Boggs, S. Court-St., had on file in common pleas court today a suit for \$880 against the county commissioners and Sheriff Charles Radcliff in which he seeks salary allegedly due him while he was a deputy sheriff.

Mr. Boggs, in his petition prepared by E. L. Crist, recites that while properly registered as a deputy sheriff during the course of duty he was shot by Claude Salisbury, Columbus, now serving time in the penitentiary. He was shot Jan. 11, 1933 and was kept from work until Dec. 11 of the same year. The petition declares Boggs' salary was \$80 per month and that the county now owes him \$880 in back pay.

The commissioners are Burr H. Rader, Ralph E. May, and C. Edward Wright.

## JURORS NAMED IN \$10,600 ACTION

Cleveland Group Studies

CLEVELAND, Jan. 21.—Attorney Ray T. Miller, former mayor of Cleveland, today was the choice of Governor Martin L. Davey to direct the investigation promised by the governor into fees paid attorneys for closed banks and savings and loan institutions.

Miller, however, was not certain he will accept the post.

COLUMBUS, Jan. 21.—With Warden Preston E. Thomas expected to be among the first called to testify, Frazier Reams, Lucas-co prosecutor, moved quickly today to open Governor Davey's investigation into conditions at Ohio penitentiary.

Aimed directly at charges of favoritism to convicts in the prison, the investigation was ex-

Warden Thomas will be asked, it was indicated, about allegations that Licavoli has never been imprisoned in a cell since his arrival at the penitentiary.

## CALL CONVICTS, GUARDS

Other convicts and guards at the prison also will be called to testify in the probe which Governor Davey has demanded be "a sweeping investigation."

CLEVELAND, Jan. 21.—An investigation into gubernatorial clemency toward Ohio prisoners was launched here today by the legislative committee of the Cleveland Chamber of Commerce.

Tracy H. Duncan, chairman of the committee, announced that the committee would complete its probe as rapidly as possible so that "if any changes in existing law seemed needed, they could be presented to the present state legislative session for action."

"I believe," Duncan said, "that our investigation will be directed principally at the system rather than specific acts of clemency. In other words, we are not interested primarily in whether former Governor White did, or did not, abuse his power, but we are vitally interested in trying to determine whether the constitution and laws of Ohio sufficiently safeguard the public in such matters."

## MAY ALTER SYSTEM

"It may be found," he said, "that the entire parole system is in need of revision."

## SEVERAL GARAGES ARE BROKEN INTO

## Ruling on Gold Trial Delayed

(BULLETIN)

WASHINGTON, Jan. 21.—The supreme court today adjourned until February 4 without making known its decision in the "gold clause" case.

WASHINGTON, Jan. 21.—As the nine justices of the supreme court mounted the bench to hand down opinions today, speculation was rife over prospect of a decision in the all-important "gold cases."

A decision after the case has been under consideration for only nine days, would set a record for speed, but some observers expressed belief the court would decide the case and end the uncertainty, which has caused jitters in financial circles. With five "gold" cases before the court, there was a possibility of a split decision.

Government lawyers are optimistic over chances of a decision upholding the right of congress to abrogate the gold clause in \$100,000,000 worth of private and public bonds. An adverse decision

there would add \$69,000,000,000 to the principal of these bonds by paying them off in gold or its equivalent value.

Because of critical questions asked by the justices during argument, a decision upholding abrogation in private bonds but holding that the government could not break its contract was among the possibilities discussed by court observers.

Administration leaders in congress generally feel that legislation could be speedily enacted overcoming an adverse decision. This could be done, it was said, by a tax on all profits realized from the court's decision or by a constitutional amendment.

The issue before the court is whether, as a result of dollar devaluation and confiscation of gold, issuers of gold clause bonds must pay \$1.69 for each \$1 of face value of bonds. Attorney General Cummings estimated that an adverse ruling would increase the public debt \$17,000,000,000, a figure disputed in some quarters.

March also had a sprained back.

Mr. and Mrs. C. A. Van Hoesen, 266 Vine-st., Chillicothe, were badly hurt at 10 a. m. Monday when their automobile skidded and struck a tree in front of the residence of John Dearth, Pickaway-twp.

## 4 ARRESTED IN 'AUTO RING'

Deputy Announces Dozen Cars  
Traced to Tarlton Resi-  
dents; Two in Jail Here.

Deputy Sheriff Bob Armstrong reported Monday that he and Deputy Dudley Crider, of Fairfield-co, have broken up an alleged automobile theft ring with the arrest of four Tarlton residents.

Those under arrest are: George Stevens, 25; Frank Lewis, 34; Raymond Cruik, 22, and Roy Hoffman, 20.

Stevens and Lewis are being held in the Pickaway-co jail and Cruik and Hoffman are under arrest in Fairfield-co.

The automobile of Ed Parrish, R. F. D. 1, stolen during Pumpkin show, has been recovered in Lewis' garage with its motor changed.

The deputy said that the four have stolen between 10 and 12 cars most of them in Fairfield-co.

Hoffman is now on parole from the Mansfield reformatory for breaking and entering.

COLUMBUS, Jan. 21.—Police hoped today they had checked a wave on minor banditry with the arrest of six youths, four of them so young that they were held in the juvenile detention home instead of city prison.

According to detectives, the youths are suspected of participating in a series of 40 crimes, involving highway robbery, burglary and petty thievery. The youthful "mob" operated on the city's northside. They ranged in ages from 16 to 26 years.

## HOUGH RESTRAINS LIGHT PLANT MOVE

COLUMBUS, Jan. 21.—A temporary restraining order, halting plans for the construction of a \$1,140,000 extension to the municipal electric light plant here, was issued in federal court today by Judge Benson W. Hough pending a hearing of the suit which seeks a permanent injunction.

The injunction suit was instigated by the Columbus Railway Power & Light Co., which contends that the government has no authority to grant or lend money to municipalities for enterprises in competition with private business.

## MAY DEATH RECALLS TRAGEDY IN FAMILY

## RAINFALL GREETED

Farm Lands Aided By  
Steady Downpour

Week-end rain, worth thousands of dollars to farmers of Pickaway-co brought temporary relief from a long drought period.

Rains during the past three days, general throughout the state, broke a long, dry period, swelled streams and replenished wells and cisterns.

Dull overcast skies today continued to shed light rains, but snow and near-zero temperature are scheduled to arrive before late tonight, the forecast warned.

Dense fog clouds that added traffic hazards last night lifted today as the mercury started to decline.

## STORM ON WAY

The lashing mid-January storm that has held the west, midwest and Canada in its grip for several days, is due to sweep into Ohio tonight and tomorrow bringing the most severe weather of the year, weather forecasts stated.

Snowstorms and bitter cold temperatures will accompany the wintry blasts, according to predictions.

Winter crops and grazing lands through the farming areas, however, received a thorough soaking over the week-end and farm authorities said damage from a severe storm would be slight compared to the value of the rainfall to parched farms.

CHICAGO, Jan. 21.—Sub-zero temperatures held northwestern states in a frigid grip today, with extreme cold and snow flurries forecast for the entire Mississippi and Missouri valleys.

Montana, the Dakotas, Minnesota, Wyoming and Iowa are already suffering from intense cold, and low records will be established in the rest of the valley before tonight, government meteorologists reported.

## FAMOUS CHORUS TO SING SUNDAY AT CAPITAL U.

COLUMBUS, Jan. 21.—The well known Westminster chorus, mixed a-cappella group of high standing, will be heard in a concert at Mee's hall, Capital university, on Sunday afternoon, January 27, at 3:30.

The Westminster chorus, now generally rated as one of the finest organizations of its type in the United States, had its humble beginning in the Westminster Presbyterian church in Dayton. It is now rapidly becoming an internationally famous organization. Last summer the forty-one members of the chorus spent forty-nine days in traveling through eleven European countries, singing a total of forty-two concerts. Everywhere they were heartily welcomed, leaving behind them an enviable trail of concert successes. Their success in Russia was outstanding, for they sang a total of eleven concerts in two Soviet cities, four in Leningrad and seven in Moscow. This was the chorus' second invasion of Europe, and at the present time plans are being made for another tour of Europe next summer.

Dr. John Finley Williamson, the director of the chorus, is also its founder, and director of the Westminster choir school at Princeton, New Jersey, which is now the home of the chorus. In his programs Dr. Williamson gives considerable emphasis to the works of American composers.

Critics everywhere have been generous in their praise of the chorus. After a recent performance of the group in Carnegie hall, New York City, Pitts Sanborn of the New York World-Telegram wrote, "For splendor of tone, precision, balance, and sensitive responsiveness, the Westminster Chorus proved itself one of the finest choral bodies in existence."

James I. Smith, who returned Saturday night from a week's stay in Chicago, is ill at his home on S. Court-st.

Attorney General David T. Wilentz. Most of today's session—if not all of it—was to be devoted to an attempt to show through Hauptmann's own bank and brokerage accounts, that the defendant began living on a considerably more lavish scale immediately after April 2, 1932, when the \$50,000 Lindbergh ransom was paid.

Before closing its case, the state will make a strong effort to have the kidnap ladder admitted as evidence. Justice Thomas W. Trenchard has held in abeyance his decision on the admissibility of the ladder in evidence.

"We could rest our case right now," said Attorney General Wilentz. "We feel we have proved that the kidnaping and murder of the baby was a lone job, and that the job was done by Hauptmann."

"All we need do now is to show how the Lindbergh ransom enriched Hauptmann and to throw the ladder around Hauptmann's neck. So today we propose to show that all the money Hauptmann and his wife possessed on earth just before the kidnaping was \$200 in cash and a mortgage worth \$3,750. But, after the kidnaping, their wealth as shown in records, leaped suddenly and their expenditures became 'extravagant.'"

Testimony regarding the kidnap ladder is regarded by the prosecution as to the utmost significance. Wilentz said he plans to call Senator J. J. Dorn of McCormick, North Carolina, to testify that the wood came from his mill in that city.

The wood will be traced to the Bronx, New York City, where

Hauptmann lived. The state will offer evidence designed to prove that Hauptmann made the ladder.

Attorney Reilly says the defense will produce three surprise witnesses who will testify that Isidor Fisch, furrier friend of the defendant, had asked them before he left on his trip to Germany, where he died, to take care of the shoe box which Hauptmann says Fisch left with him. This box, found in Hauptmann's home, contained \$14,590 in Lindbergh ransom money.

Hauptmann spent the week-end poring over photostatic copies of his bank and brokerage accounts. These are state exhibits, which the defense obtained permission to study. Hauptmann sat at a table in his cell all day Saturday and Sunday perusing this mass of documents showing how he spent his money from as far back as 1927 up to the time of his arrest last September.

## WESLEYAN AND CINCINNATI TO MEET TUESDAY

Feature Game of Buckeye Loop Is at Cincinnati; Austin, Stark to Battle.

By GILSON WRIGHT

DELAWARE, Jan. 21—Two high-grade basketball machines will collide at Cincinnati Tuesday night when Ohio Wesleyan and University of Cincinnati meet in a game that may decide the Buckeye conference basketball championship for the year.

The Bishops have swept aside all other conference foes, having won three consecutive games with in the conference by rather lopsided scores. The victims were Miami, Marshall and Ohio. Cincinnati, with two league wins over Miami and Marshall, has not yet played Ohio.

### BOTH HIGH SCORERS

Both the Bishops and the Bearcats boast high-scoring teams, each having averaged more than a point per minute. The defensive edge goes to Ohio Wesleyan. In conference games the Bishops have held the opposition to an average of 25 points as compared to 35 for the Cincinnati foes.

Offensively, Cincinnati has averaged 45 points in its two conference games. Ohio Wesleyan has averaged 41 in its three contests. If the Bishops can continue their onslaught, they will enter the second round of play with a perfect record while each of the other four conference teams will have lost at least one game. Ohio Wesleyan then would have the advantage of playing most of its second round games at home.

Should Cincinnati retain its unbeaten record by turning back the Bishops, Coach Tay Brown's men

## INDIANA RUNNERS IN STRONG FIELD

BOSTON, Jan. 21—Ivan Fuqua, sprinter, Chuck Hornbostel, half miler, and Don Lash, two-miler, all of Indiana, today headed a list of newcomers entered in the 14th annual Knights of Columbus track meet at Boston garden next Saturday.

Fuqua stacks up against stiff competition in the Prout 600, including last year's winner, Milton Sandier, national 600 meter champion. Hornbostel was entered in the Bishop Cheverus 1,000 yard run, and Lash in the two mile against a crack field including Joe McCluskey, of Fordham.

### CENTER DUEL SEEN

Much interest centers on the battle between the two centers, Austing of Cincinnati and Stark of Ohio Wesleyan. Only one field goal has been made against Stark by a regular Buckeye center to date, that being scored by Berens of Ohio last week. Alston of Miami and Floyd of Marshall neither was able to score a point against Stark.

Both Stark and Austing, incidentally, are members of last year's all-Buckeye team. Miami and Marshall will rest this week. Only two other games will involve Buckeye teams. Ohio will play at Cincinnati Saturday night in an important conference game, and Ohio Wesleyan on the same night will meet Wittenber at Springfield. Next week's schedule likewise will be light.

The standings:

Teams	W	L	Pct.
Ohio Wesleyan	3	0	1.000
Cincinnati	2	0	1.000
Ohio	2	1	.667
Marshall	0	3	.000
Miami	0	3	.000

## About This And That

BY THE SECOND GUESSER

### NEW CAGE LEAGUE?

Commercial Point's sports impresario, Dallas Williams, is trying to organize a cage league which would include Pickaway-co and Columbus aggregations. Persons interested can contact him for particulars. The Circleville Athletic club team is going forward with its plans for the House of David contest on Monday, Feb. 4. The game should be a real attraction.

### GO TO MARYSVILLE

The Tigers will make an effort to knock off victory No. 2 in the Central Buckeye league Friday evening when they travel to Marysville to meet Jerry Kingsmore's happy-go-lucky quintet. Marysville has been tramped all over the league this year falling to cop a game. The Tigers must win to evade going into a tie in the basement with the Union-co team.

### OFFICIATING PUTRID

Fans who saw the Grandview game Friday evening were disgusted with the officiating. Technical fouls were called because Stooze club cheer leaders were on the playing floor. The Tigers' tried hard against Bill Zwick's team but just couldn't make it.

### REFEREES BELOW PAR

Right here is a good time to say that the officiating we have seen this year has been far below the standard set a year ago—Erv Carls is the only official to work an important game here who has proved satisfactory. Johnny Heiskell did quite well in the early season games, but neither Vernia of Chillicothe nor Boyd of Lancaster did much of a job. Bob Karch, who worked the Grandview game, has always been a "homer" either in basketball or football.

## BEARS AND GIANTS VICTORS ON COAST

LOS ANGELES, Jan. 21—The Chicago Bears, pro footballers, today defeated the Pacific coast all-stars 26 to 7.

Featuring Cotton Warburton, the all-stars managed to make a touchdown in the final minutes of play as 12,000 spectators thrilled in Gilmore stadium yesterday. Jack Manders, place-kicker of a field goal for the Bears from the 24-yard line for three points in the first quarter, and kicked another from the 33 in the third. Just before the half ended Bronko Nagurski, 230-pound Bear fullback, scored a touchdown with Brumbaugh making the extra point.

Early in the fourth quarter Beattie Feathers took a lateral and racing around right end, scored. Nagurski kicked the extra point. Shortly afterwards Brumbaugh passed 30 yards to Johnson for the third Chicago touchdown. Stepanovich blocked the try point. Next Sunday the Bears are re-matched with the New York Giants.

SAN FRANCISCO, Jan. 21—Making touchdowns look very simple to get, the New York Giants, champions of the Professional football world, defeated an all-star team of Pacific coast gridgers here yesterday in the fifth annual Knights of Columbus charity game, 21 to 0.

A crowd of 25,000 shivered as the temperature hit 30 during the game. The Giants scored twice in the first period, once in the third period.

## CHICAGO INVADES COLISEUM COURT

COLUMBUS, Jan. 21—Chicago's Big Ten basketball squad, paced by its high-scoring forward, Bill Haarlou, was to invade the Coliseum here tonight for a clash with Ohio State university's cage team. Haarlou, tallied 22 points against Minnesota Saturday night despite the fact that his team went down to defeat 42 to 33. Bill Beitter, the

## PICKAWAY-CO STUDES BUSY IN OSU GAMES

County Cage Team Beats Madison-Co; Graves Blossoms Out as Grappler.

By JOE WRIGHT, Sports Writer Ohio State Lantern (Graduate Pickaway high 1929)

During the past week the athletic representatives of the Pickaway-co Club have set out in earnest to put the club on the athletic map of Ohio State university.

Thursday evening the basketball team of the Club won its first contest of the county league by nipping Madison-co 16 to 14. The sharp shooting of Gene Briggs of New Holland and the smart floor-work of Captain Floyd Graves of Pickaway-two enabled the Pickaway basketball team to set up a 13 to 4 lead at the half.

In spite of numerous substitutions the Pickaway plain hoopers managed to stave off the Madison-countians desperate rally. Bob Mace of New Holland, Bill Cook of Walnut, and Wells Wilson, Forest Brown, and Ross Dodd of Pickaway township, made up the home club's team.

GRAVES IS WRESTLER

Floyd Graves brought the Club to the front again in the University wrestling tournament when he pinned Bill Kuntz of Columbus in seven minutes with a half Nelson and crotch hold. He wrestled in the 135-pound class B division.

Harold Allen, another Pickaway two boy, has earned himself a place on the Ohio State freshman wrestling squad.

During the coming week, the Club looks forward to gaining more honors as the boxing and wrestling tournaments progress. The basketball team will play Madison county, Friday, Jan. 25.

## KANSAS CITY PRO LEADS \$2,500 OPEN

SACRAMENTO, Cal., Jan. 21—Harold "Jug" McSpaden, 26-year old Kansas City professional, led the field as the final 36 holes in Sacramento's \$2,500 open golf championship got underway today. McSpaden electrified the crowd of 4,000 in the gallery yesterday when he toured the 6,787 yard municipal golf course in 67, five under par, which coupled with his 73 of Saturday, gave him a total of 140.

He was one stroke ahead of Charles Lacey, Great Neck, N. Y.; Jimmy Fogarty, Kirkwood, Mo.; and Jim Demaret, Galveston, Texas.

Other scores: Emory Zimmerman, Portland, Ore., 143. Gene Sarazen, New York, and John Perelli, Lake Tahoe, Cal., 144; Clarence Clark, Bloomfield, N. J.; Ted Longworth, Portland, Ore.; Horton Smith, Oak Park, Ill.; and Sam Parks, Pittsburgh, 145.

Bucks' captain, probably will be assigned the job of guarding Haarlou in the clash tonight.

Ohio has been idle since Jan. 21, but the Chicago game will send it off on a heavy schedule, meeting Northwestern Saturday night, Chicago next Monday night; Notre Dame on January 31 and Purdue on February 4.

## WAKE UP YOUR LIVER BILE—WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine. For they can't do it. They only move the bowels and a more movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a sick, bad taste and your breath is foul. Skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes these good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up" again. They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't take for liver pills. Ask for Carter's Little Liver Pills. Look for the name "Carter's Little Liver Pills" on the red label. Resist a substitute. 25¢ at drug stores. © 1931 C. M. Co.

# ROADS GUARDED AS KARPIS, PARTNER FLEE POLICE TRAP

## SHOOT TO KILL ORDER GIVEN

Man Wanted in Bremer Kidnaping, Several Murders, Escapes Atlantic City.

NEW YORK, Jan. 21.—All highways leading into New York City were heavily guarded early today by military-like detachments of police under strict orders to "shoot-to-kill" if Alvin Karpis, most widely sought criminal in the United States and his gun-toting companion, Harry Campbell, attempt to enter the metropolis.

That Karpis and Campbell sooner or later would attempt to come into New York was regarded as a certainty.

Karpis, who at 25 is charged with at least three murders and is under indictment as the chief lieutenant in the \$200,000 ransom kidnaping of Edward G. Bremer, St. Paul banker, fled from Atlantic City yesterday after a gun battle with police in which he and Campbell, 30, fired more than 300 shots from machine guns.

**ENTRANCES GUARDED**

Especially large police details were placed at both the New Jersey and New York entrances to the Holland tunnel and the George Washington bridge and at all ferry stations.

Reports from Atlantic City indicated that Karpis and his companion had commandeered a Ford V-8 car and all automobiles of this type were closely scanned by the police.

Confidential instructions sent out to radio police cars in Manhattan indicated that the desperadoes might have picked up additional associates. The officers were warned to watch out for a car containing three men and a woman.

Assistant Chief Inspector John J. Sullivan in charge of detectives, said he thought it likely Karpis would head for New York because of the many underworld hide-aways available to a man of his type here.

Other police officials declared that patrolmen had been instructed to shoot Karpis on sight.

**"GOOD RECEPTION"**

"He'll get a much better reception than he bargained for if he comes into New York," one official stated. "We are not taking any chances with bad men. We'll shoot him down on sight. We want no mid-western bad men trying to make New York the scene of their operations. We have enough tough guys of our own to take care of."

## OFFICE SHOWS GAIN

Out of 45 offices of the American Railway Express Co. the local office stands third in the percentage of increase in business for December. The local office handled 1,588 shipments, an increase of 42 per cent over December, 1933. It stood sixteenth in the list for November.

**The DAILY WASHINGTON MERRY-GO-ROUND**

## FHA Regarded as Flop, Spends Over 5 Per Cent Of Loans For Publicity

WASHINGTON—The moribund Federal Housing Administration is weighing heavily on the minds of inner White House advisers.

The FHA has been a signal flop. Its last published report, as of December 10, revealed that it has completed only \$23,350,000 of renovating loans. It has yet to record any financing of building construction.

As against this paucity of results Jimmy Moffett, social director of the agency, has expended \$1,300,000—more than 5 per cent of its loans—for "publicity and propaganda."

How best quietly to unload Jimmy and the FHA is one of the big inner Administration problems.

Some members of the National Emergency Council have suggested to the President that the agency be "coordinated" with the Home Owners Loan Corporation by making it a division of that organization.

Such a plan, it is held, would have the advantage of suppressing the FHA while soft-pedaling the fact that it has proved a dud.

That would still leave the question, however, of what to do about Jimmy.

Finding a showy berth for him is not easy.

He would be a perfect fit for the niche of Assistant Secretary of the Navy, but there is no opening there—as yet.

## Forgotten Past

What's in a past? Nothing at all, says the Democratic leadership of the House of Representatives. In choosing chairmen for committees during the present session, for example, they selected:

A former bar-tender, Vincent L. Palmisano of Maryland, to be Chairman of the Committee on Education, and—

A Milwaukee lawyer, Raymond J. Cannon, suspended from legal practice in his home state, though later reinstated by special act of the Wisconsin legislature, as Chairman of the Committee on Revision of Laws. Incidentally, he has been legal adviser to Jack Dempsey. He also represented Joe Jackson, discharged by the Chicago White Sox after the bribe scandal, and obtained for him \$19,000 for breach of contract.

## World Court

Senate history will repeat itself on the World Court.

In 1926, after weeks of oratory—to empty seats the Senate voted adherence to the international tribunal, but only on the basis of five reservations.

Only one of these, the fifth, was of consequence.

It provided that the United States agreed to accept decisions only in such cases which it was willing the court should adjudicate.

In other words the court could not take jurisdiction over a controversy in which the United States was interested without first obtaining this Government's approval.

The other signatories to the court rejected this reservation.

The issue seemed dead until League of Nation supporters sent the aged Elihu Root abroad for purpose of formulating a reservation that would meet the objections of the foreign adherents of the Court and satisfy Senate demands.

Out of these pourparlers was evolved what is known as the Root-Hurston reservation.

Court advocates claim that while worded differently, it has the same effect as the original limitation. Court opponents deny this, claiming that it does not set up the same safeguards.

This difference of opinion is the crux of the present Senate fight.

In 1926 there was much public interest in the Court issue and the opponents were able to muster a real vote. But now, with the domestic economic situation overshadowing everything else, the

## JURY TO HEAR HAUPTMANN'S OWN ACCOUNT

Bruno To Tell His Story Sometime This Week; Wife to Talk, Too

## STATE NEARS END

Raking Cross Questioning Looms For Bruno

BY JAMES L. KILGALLEN, FLEMINGTON, N. J., Jan. 21.—Bruno Richard Hauptmann and his wife, Anna, will both be subjected to a raking cross-examination when they are on the stand this week as first witnesses for the defense.

The state is expected to rest its case late Tuesday or Wednesday. After this is done Attorney Lloyd Fisher will make the opening statement of the defense to the jury. Then Hauptmann will be called to the stand.

Hauptmann will go on first thing in the morning, either Wednesday or Thursday, according to present indications. Chief Defense Counsel Edward J. Reilly wants the defendant to be fresh and rested when he starts the ordeal of telling his own story from the stand—a story the world is waiting with interest to hear.

## TO TELL OWN STORY

Reilly plans to have Hauptmann tell his story in his own words and then the lawyer will question him concerning any details he may omit. His direct testimony is likely to occupy an entire day.

The prosecution is preparing to go after Hauptmann hammer and tongs. They are certain they can tear down any story he may tell. They say Hauptmann has made 76 specific contradictions in statements he made to the police.

Hauptmann's alibi that he was home on the night of the kidnapping will be attacked during the cross-examination. He will be forced to explain in detail why \$15,000 of the Lindbergh ransom was found in his possession. The prosecution will ask him all about his criminal record in Germany, a subject concerning which the defendant is touchy. There will be no sparing of his feelings.

Mrs. Hauptmann will also face a verbal fire from the prosecution. They plan to force her to give the details of the trip she is alleged to have made with her husband shortly before the kidnapping. Her former neighbor, Mrs. Ella Ashenbach, testified last week that about March 2, 1932, the day after the kidnapping, Mrs. Hauptmann told her of a trip she and her husband had made. The woman witness said that when Hauptmann returned from this trip he was walking with a limp.

The testimony of Mrs. Ashenbach angered Mrs. Hauptmann. It was while Mrs. Ashenbach was testifying that Mrs. Hauptmann cried out, "You are lying, you are lying."

## TO SHOW ACCOUNTS

Today the state entered the final phases of its case and it will not take more than two or three days to wind it up, in the opinion of

## Claims Turned Over To Safety Director

In an editorial headed "The Hospital Controversy," published in Saturday's issue of The Herald, it was stated that "some of the claims had been given the company (the collection agency) by the hospital superintendent."

In an interview with The Herald, Miss Ethel Kirschner, superintendent of the hospital, stated Monday that she did not turn over the accounts to a collection agency. The itemized list of all accounts due the hospital was made out at the suggestion of Safety Director L. T. Shaner and turned over to him.

## BARRETT HITS TWO UTILITIES WITH HIS VETO

Chillicothe Mayor Refuses To Approve Appropriations Totalling \$45,286.

CHILLICOTHE, Jan. 21.—This city is having its difficulties thick and fast.

Mayor Walter S. Barrett, who has announced he will run for a second term on a platform of municipal ownership of electric light and water plants, has vetoed all appropriations in the 1935 budget for electricity and water totalling \$45,286.75.

Other appropriations which have felt the veto power of the mayor include legal advertising, \$700; auditor's clerk hire, \$900; auditor's incidentals, \$50; treasurer's incidentals, \$50.

He has approved, however, all safety department appropriations.

While Mayor Barrett was affixing his veto to the numerous items, city firemen were circulating petitions Saturday among citizens to present to council at its next session opposing a reduction in personnel and objecting to reductions in salary as specified in the new appropriations ordinance.

Firemen have agreed with Chief William Collins that if no more money can be obtained they will accept reductions in order to prevent any one being cut entirely off the payroll.

## 512 OBTAIN TAX PERMITS

Stamps To Go On Sale Thursday; Still About 100 To Purchase Licenses.

The auditor's office to date has issued 512 vendor's licenses to retailers of Circleville and Pickaway-co. There are still about 100 to issue, according to more or less indefinite figures available.

Merchants have been visiting the auditor's office in a steady stream. It will be necessary to present receipts for licenses at the office of Treasurer Earl Hoffman in seeking to buy sales tax stamps which go on sale Thursday.

Collection of the tax will actually begin one minute after midnight Saturday. Any merchant who does not have a retailer's license will face drastic action to be taken by the state.

Rennselaer Ismon, representing First Methodist church of Columbus, is among the six winners in the semi-finals contest of the Ohio Prince of Peace contest. He won the elimination in which Miss Martha Wright, Perry-twp., representing the 11th congressional district, was placed.

The contest is sponsored by the Ohio Council of Religious Education.

## BRUNO MAY TESTIFY IN NATIVE TONGUE

NEW YORK, Jan. 21.—When Bruno Richard Hauptmann takes the witness stand in his own defense some time this week he may testify in German, it was reported here today.

Edward J. Reilly, chief defense counsel, said before leaving New York for Flemington for the resumption of the trial today that it was entirely possible the Bronx carpenter would tell his story through an interpreter, if the court permits.

"If he testifies in German he will be able to understand questions more readily and will be able to give more intelligent answers," Reilly said.

## Heads Pen Probe

Frazier Reams

## COUNTY SUE FOR SALARY

Morris Boggs Claims \$880 Due Him For 10 Months' Work As Deputy Sheriff.

Morris I. Boggs, S. Court-St., had on file in common pleas court today a suit for \$880 against the county commissioners and Sheriff Charles Radcliff in which he seeks salary allegedly due him while he was a deputy sheriff.

Mr. Boggs, in his petition prepared by E. L. Crist, recites that while properly registered as a deputy sheriff during the course of duty he was shot by Claude Salisbury, Columbus, now serving time in the penitentiary. He was shot Jan. 11, 1933 and was kept from work until Dec. 11 of the same year. The petition declares Boggs' salary was \$80 per month and that the county now owes him \$880 in back pay.

The commissioners are Burr H. Rader, Ralph E. May, and C. Edward Wright.

## JURORS NAMED IN \$10,600 ACTION

A jury of 10 men and two women was seated in common pleas court Monday to hear testimony in the \$10,600 suit of John W. Smith, of Williamsport, against James A. Bryan, of Huntington, W. Va.

Attorneys in the cases are Adkins and Adkins and William Radcliff for the plaintiff and Charles Gerhardt for the defendant.

Jurors include Harry Carter, Charles Gray, Cliff Pontius, Charlot Timmons, Ray Plum, William Neff, Fred Foust, Daisy Armstrong, George Hinrod, C. E. Barch, Clyde Brinker and Lewis Quillen.

## LIMA DISCUSSES MUNICIPAL PLANT

LIMA, Jan. 21.—Irrked by the inability to date of their efforts to compel lower utility rates in Lima, Mayor Allen L. McNeany and members of city council were to resume discussions today on tentative plans for a municipally-owned power plant and a city-owned gas distribution system.

## MAY ALTER SYSTEM

"It may be found," he said, "that the entire parole system is in need of revision."

## SEVERAL GARAGES ARE BROKEN INTO

Several garage breaking and entering jobs were reported to police headquarters during the week-end with four thefts being investigated.

As yet no arrests have been made.

## REAMS BEGINS PROBE OF OHIO PEN CONDITION

Warden To Be Among First Witnesses Called In Davey's Quiz

## AIR LICAVOLI CASE

Cleveland Group Studies Parole System

CLEVELAND, Jan. 21.—Attorney Roy T. Miller, former mayor of Cleveland, today was the choice of Governor Martin L. Davey to direct the investigation promised by the governor into fees paid attorneys for closed banks and savings and loan institutions.

Miller, however, was not certain he will accept the post.

COLUMBUS, Jan. 21.—With Warden Preston E. Thomas expected to be among the first called to testify, Frazier Reams, Lucas-co prosecutor, moved quickly today to open Governor Davey's investigation into conditions at Ohio penitentiary.

Aimed directly at charges of favoritism to convicts in the prison, the investigation was expected to get into full swing this afternoon. One of the first cases that will be subjected to intensive inquiry will be that of Thomas V. (Yonnie) Licavoli, Toledo gang leader, sentenced to life imprisonment for murder.

Warden Thomas will be asked, it was indicated, about allegations that Licavoli has never been imprisoned in a cell since his arrival at the penitentiary.

## CALL CONVICTS, GUARDS

Other convicts and guards at the prison also will be called to testify in the probe which Governor Davey has demanded be "a sweeping investigation."

CLEVELAND, Jan. 21.—An investigation into gubernatorial clemency toward Ohio prisoners was launched here today by the legislative committee of the Cleveland Chamber of Commerce.

Tracy H. Duncan, chairman of the committee, announced that the committee would complete its probe as rapidly as possible so that "if any changes in existing law seemed needed, they could be presented to the present state legislative session for action."

"I believe," Duncan said, "that our investigation will be directed principally at the system rather than specific acts of clemency. In other words, we are not interested primarily in whether former Governor White did, or did not, abuse his power, but we are vitally interested in trying to determine whether the constitution and laws of Ohio sufficiently safeguard the public in such matters."

"It may be found," he said, "that the entire parole system is in need of revision."

It is asked that flowers be omitted.

Mrs. Foster was a widow of the late Hiram H. Foster. She is survived by a brother, Frank Cox of Columbus, and three sisters, Mrs. Hulise, Mrs. Oleie Hankins and Mrs. Columbia Ross of Kingston.

## Ruling on Gold Trial Delayed

(BULLETIN) WASHINGTON, Jan. 21.—The supreme court today adjourned until February 4 without making known its decision in the "gold clause" case.

WASHINGTON, Jan. 21.—As the nine justices of the supreme court mounted the bench to hand down opinions today, speculation was rife over prospect of a decision in the all-important "gold cases."

A decision after the case has been under consideration for only nine days, would set a record for speed, but some observers expressed belief the court would decide the case and end the uncertainty, which has caused jitters in financial circles. With five "gold" cases before the court, there was a possibility of a split decision.

Government lawyers are optimistic over chances of a decision upholding the right of congress to abrogate the gold clause in \$100,000,000,000 worth of private and public bonds. An adverse decision

there would add \$69,000,000,000 to the principal of these bonds by paying them off in gold or its equivalent value.

Because of critical questions asked by the justices during argument, a decision upholding abrogation in private bonds but holding that the government could not break its contract was among the possibilities discussed by court observers.

Administration leaders in congress generally feel that legislation could be speedily enacted overcoming an adverse decision. This could be done, it was said, by a tax on all profits realized from the court's decision or by a constitutional amendment.

The issue before the court is whether, as a result of dollar devaluation and confiscation of gold, issuers of gold clause bonds must pay \$1.69 for each \$1 of face value of bonds. Attorney General Cummings estimated that an adverse ruling would increase the public debt \$17,000,000,000, a figure disputed in some quarters.

## TRIO HURT IN AUTO WRECKS

New York Man Injured; Chillicothe Couple Badly Hurt When Auto Skids.

Dr. Harry March, 57, of New York City, was in Berger hospital Monday suffering cuts and lacerations received when his automobile was driven into a ditch on the Lancaster-pk Sunday morning.

March was being driven to Cincinnati by John Hendricks, one-armed driver, when, in order to avoid striking the automobile in which Meinhard Crites and Kelly Hannan were riding, Hendricks drove into the ditch.

March also had a sprained back.

Mr. and Mrs. C. A. Van Hoesen, 266 Vine-st., Chillicothe, were badly hurt at 10 a. m. Monday when their automobile skidded and struck a tree in front of the residence of John Dearth, Pick-away-twp.

Mrs. Van Hoesen, who was driving, suffered a broken leg while her husband had a painful head injury.

Both were taken to their home in the Albaugh Co. ambulance.

## Hough Restrains Light Plant Move

COLUMBUS, Jan. 21.—A temporary restraining order, halting plans for the construction of a \$1,400,000 extension to the municipal electric light plant here, was issued in federal court today by Judge Benson W. Hough pending a hearing of the suit which seeks a permanent injunction.

The injunction suit was instigated by the Columbus Railway Power & Light Co., which contends that the government has no authority to grant or lend money to municipalities for enterprises in competition with private business.

## MAY DEATH RECALLS TRAGEDY IN FAMILY

The death of Mrs. Carrie Rife May last Friday recalls a series of tragedies which entered her life between 12 and 15 years ago when her husband, a son who was a student at Ohio Wesleyan, and four daughters died of a typhoid fever epidemic.

Mrs. May, who was a sister of the late S. T. Rife, leaves two sons.

The funeral was held Monday.

## RAINFALL GREETED

Farm Lands Aided By Steady Downpour

Week-end rain, worth thousands of dollars to farmers of Pick-away-co brought temporary relief from a long drouth period.

"Rains" during the past three days, general throughout the state, broke a long, dry period, swelled streams and replenished wells and cisterns.

Dull overcast skies today continued to shed light rains, but snow and near-zero temperature are scheduled to arrive before late tonight, the forecast warned.

Dense fog clouds that added traffic hazards last night lifted today as the mercury started to decline.

## STORM ON WAY

The lashing mid-January storm that has held the west, midwest and Canada in its grip for several days, is due to sweep into Ohio tonight and tomorrow bringing the most severe weather of the year, weather forecasts stated.

Snowstorms and bitter cold temperatures will accompany the wintry blasts, according to predictions.

Winter crops and grazing lands through the farming areas, however, received a thorough soaking over the week-end and farm authorities said damage from a severe storm would be slight compared to the value of the rainfall to parched farms.

## CHICAGO, Jan. 21.—Sub-zero temperatures held northwestern states in a frigid grip today, with extreme cold and snow flurries forecast for the entire Mississippi and Missouri valleys.

Montana, the Dakotas, Minnesota, Wyoming and Iowa are already suffering from intense cold, and low records will be established in the rest of the valley before tonight, government meteorologists reported.

Another icy wave sweeping northward from the southwest kept residents in northern Texas, lower Missouri and Kansas huddled around their radiators.

## FALL BELOW ZERO

A minimum temperature reading of from 5 to 10 degrees below zero for Chicago tonight, was forecast by W. P. Day, government forecaster here.

SAN FRANCISCO, Jan. 21.—Icy blasts gripped the Pacific coast today sending the mercury below the 40 mark.

The heaviest snowstorm since 1923 hit Seattle, Ten inches of snow fell yesterday. More snow for Washington and Oregon was predicted today.

Street car traffic was paralyzed at Seattle. Schools at Everett, Wash., 25 miles north of Seattle, were closed due to a shut-down of logging mills and lack of fuel.

In the mountain regions of Washington and Oregon, blizzards halted airplane schedules.

## NEW HOG AND CORN CONTRACTS SIGNED

WASHINGTON, Jan. 21.—Corn and hog producers have begun signing of applications for the 1935 corn-hog adjustment program in the leading corn-hog producing states, the AAA reported today.

Educational meetings, at which the terms of the program are explained, are being held in various states, and already contracts are being received.

Under the 1935 contract, corn and hog producers agree to hold their production 10 per cent under the 1934-35 average, an increase of about one-eighth over the 1934 allowance on corn acreage, and one-fifth over the allowance on hogs. Hog producers will receive \$15 a head adjustment payments on the number of hogs represented by the 10 per cent adjustment, while corn producers will receive 35 cents a bushel of yield estimated for the acres shifted from corn production.

## COMMISSIONERS ILL

County Commissioners Burr H. Rader and C. Edward Wright were somewhat under the weather today. Both were on duty, however.

## RECREATION CORPS SPONSORS PROGRAM

The veterans at the Government hospital in Chillicothe enjoyed an entertainment sponsored by the local Recreation Corps Sunday afternoon.

The program consisted of musical and dance numbers. Miss Abbe Mills Clarke was accompanist for the group of entertainers.

Mrs. Cliff Miller, of Pickaway, twp., entertained with two groups of vocal selections. Her first group included "Sweet Song of Long Ago," "Evening Song," and "Thank God for a Garden," and in her second group were "The Boat Song," "Birthday," and "The Toy Balloon."

Donald Miller played a saxophone solo, "Alseville Improvisation," by Doerr and also played with an instrumental trio, George Miller and Edgar Meyers playing clarinets. Their numbers were "The Story of a Rose" by Tromley and "Clover Nook" by Hayes.

Betty Lutz, of Stoutsville, accompanied by her mother entertained with two xylophone solos.

An outstanding feature of the program was the dancing by Viola Alkire, daughter of Mrs. Mary Alkire, Pickaway-twp. Miss Alkire, a pupil of Stella Becker, Columbus, won favor with her audience in two military tap dances and one acrobatic number.

Miss Catherine Clason, N. Pickaway-st., spent the week-end in Athens, the guest of Miss Jane Werner. Saturday night she attended the Delta Tau Delta fraternity formal dance.

## FAMOUS CHORUS TO SING SUNDAY AT CAPITAL U.

COLUMBUS, Jan. 21.—The well known Westminster chorus, mixed a cappella group of high standing, will be heard in a concert at Meacham hall, Capital university, on Sunday afternoon January 27, at 3:30.

The Westminster chorus, now generally rated as one of the finest organizations of its type in the United States, had its humble beginning in the Westminster Presbyterian church in Dayton. It is now rapidly becoming an internationally famous organization. Last summer the forty-one members of the chorus spent forty-nine days in traveling through eleven European countries, singing a total of forty-two concerts. Everywhere they were heartily welcomed, leaving behind them an enviable trail of concert successes. Their success in Russia was outstanding, for they sang a total of eleven concerts in two Soviet cities, four in Leningrad and seven in Moscow. This was the chorus' second invasion of Europe, and at the present time plans are being made for another tour of Europe next summer.

Dr. John Finley Williamson, the director of the chorus, is also its founder, and director of the Westminster choir school at Princeton, New Jersey, which is now the home of the chorus. In his programs Dr. Williamson gives considerable emphasis to the works of American composers.

Critics everywhere have been generous in their praise of the chorus. After a recent performance of the group in Carnegie hall, New York City, Pitts Sanborn of the New York World-Telegram wrote, "For splendor of tone, precision, balance, and sensitive responsiveness, the Westminster Chorus proved itself one of the finest choral bodies in existence."

James I. Smith, who returned Saturday night from a week's stay in Chicago, is ill at his home on S. Court-st.

## JURY TO HEAR

(Continued From Page One)

Attorney General David T. Wilentz. Most of today's session—of not all of it—was to be devoted to an attempt to show through Hauptmann's own bank and brokerage accounts, that the defendant began living on a considerably more lavish scale immediately after April 2, 1932, when the \$50,000 Lindbergh ransom was paid.

Before closing its case, the state will make a strong effort to have the kidnap ladder admitted as evidence. Justice Thomas W. Trenchard has held in abeyance his decision on the admissibility of the ladder in evidence.

"We could rest our case right now," said Attorney General Wilentz. "We feel we have proved that the kidnaping and murder of the baby was a lone job, and that the job was done by Hauptmann."

"All we need do now is to show how the Lindbergh ransom enriched Hauptmann and to throw the ladder around Hauptmann's neck. So today we propose to show that all the money Hauptmann and his wife possessed on earth just before the kidnaping was \$200 in cash and a mortgage worth \$3,750. But, after the kidnaping, their wealth as shown in records, leaped suddenly and their expenditures became extravagant."

Testimony regarding the kidnap ladder is regarded by the prosecution as to the utmost significance. Wilentz said he plans to call Senator J. J. Dorn of McCormick, North Carolina, to testify that the wood came from his mill in that city.

The wood will be traced to the Bronx, New York City, where

Hauptmann lived. The state will offer evidence designed to prove that Hauptmann made the ladder.

Attorney Reilly says the defense will produce three surprise witnesses who will testify that Isidor Fisch, furrier friend of the defendant, had asked them before he left on his trip to Germany, where he died, to take care of the shoe box which Hauptmann says Fisch left with him. This box, found in Hauptmann's home, contained \$14,590 in Lindbergh ransom money.

Hauptmann spent the week-end poring over photostatic copies of his bank and brokerage accounts. These are state exhibits, which the defense obtained permission to study. Hauptmann sat at a table in his cell all day Saturday and Sunday perusing this mass of documents showing how he spent his money from as far back as 1927 up to the time of his arrest last September.

# WESLEYAN AND CINCINNATI TO MEET TUESDAY

Feature Game of Buckeye League Is at Cincinnati; Austin, Stark to Battle.

By GILSON WRIGHT  
DELAWARE, Jan. 21—Two high-geared basketball machines will collide at Cincinnati Tuesday night when Ohio Wesleyan and University of Cincinnati meet in a game that may decide the Buckeye conference basketball championship for the year.

The Bishops have swept aside all other conference foes, having won three consecutive games with the conference by rather lopsided scores. The victims were Miami, Marshall and Ohio. Cincinnati, with two league wins over Miami and Marshall, has not yet played Ohio.

**BOTH HIGH SCORERS**  
Both the Bishops and the Bears boast high-scoring teams, each having averaged more than a point per minute. The defensive edge goes to Ohio Wesleyan. In conference games the Bishops have held the opposition to an average of 25 points as compared to 35 for the Cincinnati foes.

Offensively, Cincinnati has averaged 45 points in its two conference games. Ohio Wesleyan has averaged 41 in its three contests. If the Bishops can continue their onslaught, they will enter the second round of play with a perfect record while each of the other four conference teams will have lost at least one game. Ohio Wesleyan then would have the advantage of playing most of its second round games at home.

Should Cincinnati retain its unbeaten record by turning back the Bishops, Coach Tay Brown's men

## INDIANA RUNNERS IN STRONG FIELD

BOSTON, Jan. 21—Ivan Fuqua, sprinter, Chuck Hornbostel, half miler, and Don Lash, two-miler, all of Indiana, today headed a list of newcomers entered in the 14th annual Knights of Columbus track meet at Boston garden next Saturday.

Fuqua stacks up against stiff competition in the Proton 600, including last year's winner, Milton Sandler, national 600 meter champion. Hornbostel was entered in the Bishop Cheverus 1,000 yard run, and Lash in the two mile against a crack field including Joe McCluskey, of Fordham.

will be favorites for the championship.

**CENTER DUEL SEEN**  
Much interest centers on the battle between the two centers, Austing of Cincinnati and Stark of Ohio Wesleyan. Only one field goal has been made against Stark, by a regular Buckeye center to date, that being scored by Berens of Ohio last week. Austing of Miami and Floyd of Marshall neither was able to score a point against Stark.

Both Stark and Austing, incidentally, are members of last year's all-Buckeye team. Miami and Marshall will rest this week. Only two other games will involve Buckeye teams. Ohio will play at Cincinnati Saturday night in an important conference game, and Ohio Wesleyan on the same night will meet Wittenber at Springfield. Next week's schedule likewise will be light.

The standings:

Teams	W	L	Pct.
Ohio Wesleyan	3	0	1.000
Cincinnati	2	0	1.000
Marshall	2	1	.667
Miami	0	3	.000

**Must Be Able to Take It**  
"Leadership," said H. H. Ho, the sage of Chino, "requires a man strong enough to accept blame as well as flattery."

## BEARS AND GIANTS VICTORS ON COAST

LOS ANGELES, Jan. 21—The Chicago Bears, pro footballers, today defeated the Pacific coast all-stars 26 to 7.

Featuring Cotton Warburton the all-stars managed to make a touchdown in the final minutes of play as 12,000 spectators thrilled in Gilmore stadium yesterday.

Jack Manders place-kicked a field goal for the Bears from the 24-yard line for three points in the first quarter, and kicked another from the 33 in the third.

Just before the half ended Bronko Nagurski, 230-pound Bear fullback, scored a touchdown with Brumbaugh making the extra point.

Early in the fourth quarter Beattie Feathers took a lateral and racing around right end, scored. Nagurski kicked the extra point.

Shortly afterwards Brumbaugh passed 30 yards to Johnsons for the third Chicago touchdown. Stepanovich blocked the try for point.

Next Sunday the Bears are re-matched with the New York Giants.

# About This And That

BY THE SECOND GUESSER

**NEW CAGE LEAGUE**  
Commercial Point's sports impresario, Dallas Williams, is trying to organize a cage league which would include Pickaway-co and Columbus aggregations. Persons interested can contact him for particulars. The Circleville Athletic club team is going forward with its plans for the House of David contest on Monday, Feb. 4. The game should be a real attraction.

**GO TO MARYSVILLE**  
The Tigers will make an effort to knock off victory No. 2 in the Central Buckeye league Friday evening when they travel to Marysville to meet Jerry Kingsmore's happy-go-lucky quintet. Marysville has been tramped all over the league this year failing to cop a game. The Tigers must win to evade going into a tie in the basement with the Union-co team.

**OFFICIATING PUTRID**  
Fans who saw the Grandview game Friday evening were disgusted with the officiating. Technical fouls were called, because Stouck club cheer leaders were on the playing floor. The Tigers tried hard against Bill Zwick's team but just couldn't make it.

**REFEREES BELOW PAR**  
Right here is a good time to say that the officiating we have seen this year has been far below the standard set a year ago—Erv Carlisle is the only official to work an important game here who has proved satisfactory—Johnny Heiskell did quite well in the early season games, but neither Vernia of Chillicothe nor Boyd of Lancaster did much of a job—Bob Karch, who worked the Grandview game, has always been a "homer" either in basketball or football.

**GRANDVIEW WRESTLER**  
Floyd Graves brought the Club to the front again in the University wrestling tournament when he pinned Bill Kuntz of Columbus in seven minutes with a half Nelson and crotch hold. He wrestled in the 135-pound class B division.

Harold Allen, another Pickaway twp boy, has earned himself a place on the Ohio State freshman wrestling squad.

During the coming week, the Club looks forward, to gaining more honors as the boxing and wrestling tournaments progress. The basketball team will play Madison county, Friday, Jan. 25.

County Cage Team Beats Madison-Co; Graves Blossoms Out as Grappler.

By JOE WRIGHT, Sports Writer, Ohio State Lantern (Graduate Pickaway high 1929)

During the past week the athletic representatives of the Pickaway-co Club have set out in earnest to put the club on the athletic map of Ohio State university.

Thursday evening the basketball team of the Club won its first contest of the county league by nipping Madison-co 16 to 14. The sharp shooting of Gene Briggs of New Holland and the smart floor-work of Captain Floyd Graves of Pickaway-twp enabled the Pickaway basketball team to set up a 13 to 4 lead at the half.

In spite of numerous substitutions the Pickaway plain hoopers managed to stave off the Madison-countians desperate rally. Bob Mace of New Holland, Bill Cook of Walnut, and Wells Wilson, Forest Brown, and Ross Dodd of Pickaway township, made up the home club's team.

## BEARS AND GIANTS VICTORS ON COAST

LOS ANGELES, Jan. 21—The Chicago Bears, pro footballers, today defeated the Pacific coast all-stars 26 to 7.

Featuring Cotton Warburton the all-stars managed to make a touchdown in the final minutes of play as 12,000 spectators thrilled in Gilmore stadium yesterday.

Jack Manders place-kicked a field goal for the Bears from the 24-yard line for three points in the first quarter, and kicked another from the 33 in the third.

Just before the half ended Bronko Nagurski, 230-pound Bear fullback, scored a touchdown with Brumbaugh making the extra point.

Early in the fourth quarter Beattie Feathers took a lateral and racing around right end, scored. Nagurski kicked the extra point.

Shortly afterwards Brumbaugh passed 30 yards to Johnsons for the third Chicago touchdown. Stepanovich blocked the try for point.

Next Sunday the Bears are re-matched with the New York Giants.

Months—or years—after the vote is taken, the Court probably will decide whether the United States does or does not have to accept adjudication which it opposes.

**Court Humor**

Never has the Supreme Court seemed to enjoy itself as in recent weeks. A new sense of youth and humor has overtaken some of its venerable members.

When the Kansas City Terminal case was before the Court not long ago, Attorney Frank H. Towner was in the middle of a lengthy explanation of what the case involved when Chief Justice Hughes interrupted.

"Young man," he said, "aren't you ever going to get down to the law in this case?"

"Yes, your Honor," replied Towner, "but I wanted to give the Court some atmosphere."

"This Court has already got enough atmosphere," shot back the Chief Justice.

And then nudging Justice Van Devanter on his right, he gave him a broad and knowing wink.

# ROADS GUARDED AS KARPIS, PARTNER FLEE POLICE TRAP

## SHOOT TO KILL ORDER GIVEN

Man Wanted in Bremer Kidnaping, Several Murders, Escapes Atlantic City.

NEW YORK, Jan. 21.—All highways leading into New York City were heavily guarded early today by military-like detachments of police under strict orders to "shoot-to-kill" if Alvin Karpis, most widely sought criminal in the United States and his gun-toting companion, Harry Campbell, attempt to enter the metropolis.

That Karpis and Campbell sooner or later would attempt to come into New York was regarded as a certainty.

Karpis, who at 25 is charged with at least three murders and is under indictment as the chief lieutenant in the \$200,000 ransom kidnaping of Edward G. Bremer, St. Paul banker, fled from Atlantic City yesterday after a gun battle with police in which he and Campbell, 30, fired more than 300 shots from machine guns.

**ENTRANCES GUARDED**

Especially large police details were placed at both the New Jersey and New York entrances to the Holland tunnel and the George Washington bridge and at all ferry stations.

Reports from Atlantic City indicated that Karpis and his companion had commandeered a Ford V-8 car and all automobiles of this type were closely scanned by the police.

Confidential instructions sent out to radio police cars in Manhattan indicated that the desperadoes might have picked up additional associates. The officers were warned to watch out for a car containing three men and a woman.

Assistant Chief Inspector John J. Sullivan in charge of detectives, said he thought it likely Karpis would head for New York because of the many underworld hide-aways available to a man of his type here.

Other police officials declared that patrolmen had been instructed to shoot Karpis on sight.

**"GOOD RECEPTION"**

"He'll get a much better reception than he bargained for if he comes into New York," one official stated. "We are not taking any chances with bad men. We'll shoot him down on sight. We want no mid-western bad men trying to make New York the scene of their operations. We have enough tough guys of our own to take care of."

## OFFICE SHOWS GAIN

Out of 45 offices of the American Railway Express Co. the local office stands third in the percentage of increase in business for December. The local office handled 1,588 shipments, an increase of 42 per cent over December, 1933. It stood sixteenth in the list for November.

## SUFFERING IN SILENCE

Unnecessary and preventable pain deserve little sympathy. Today, a "periodical sufferer" courts danger through the old-fashioned superstition, "pain is natural."

VATONA is the prescription of modern physicians to assure a natural painless period.

VATONA is absolutely harmless and fully dependable. Does not leave "brain-dullness."

This is to certify that, at your request, we have tested 100 of your standard Nation-wide sheets. Each of these sheets was given the equivalent of 100 consecutive home washings, including double rinsing, wringing, ironing and folding. These tests were made at the General Electric Company, Chicago, and at the General Electric Company, Circleville, Ohio. The equipment used was regular Actiostat-equipped home washing machines and General Electric Automatic Flatplate Ironers.

Upon completion of these rigid tests no wear was noticeable on the sheets and they gave the appearance of being good for many more years of service in the home.

The sheets were washed in a 40 soap solution, starting temperature of the water being 120 degrees Fahrenheit. No soda nor water softener was used.
